

PERMANENT LIVE-IN ROTA NANNY

BIRMINGHAM | WEST MIDLANDS | GB

Salary: £70,000 Gross per Year + pension

PHS Job 3635

An experienced private household is seeking a highly capable and adaptable nanny for a long-term position combining childcare with regular international travel. The family is looking for a professional who would be particularly well suited to a one-month-on, one-month-off arrangement, although they are also open to discussing a conventional full-time working pattern with the right candidate.

This opportunity would suit a nanny who enjoys working in an international environment and appreciates the benefits of a structured rota, including a significant period of uninterrupted time away from work between rotations.

The successful candidate will provide attentive care for two young daughters and will work closely with the parents and other household staff to ensure the children have a consistent and nurturing routine. The position calls for someone who is confident managing the practical aspects of childcare whilst also bringing warmth, patience and emotional awareness to their work.

The nanny will be responsible for the children's day-to-day needs, including preparing meals, managing their belongings and routines, organising activities and outings, supporting the older child's education and creating engaging experiences for the younger child.

Travel forms a regular component of the position, with the family spending periods overseas and taking international trips during school holidays. The nanny should therefore be comfortable travelling extensively, adapting to different surroundings and maintaining the children's routines whilst away from home.

The household has an established team of staff and operates in a relaxed, family-oriented manner. The ideal candidate will be discreet and naturally composed, with a gentle presence and the ability to integrate smoothly into the family's lifestyle.
