

TEMPORARY FULL-TIME LIVE-OUT HOUSEKEEPER

AL KHOBAR | EASTERN PROVINCE | SAUDI ARABIA

Salary: SAR 1,500–2,000 per month

PHS Job 3674

A modest, easy-going household based in Al Khobar, is searching for a careful and trustworthy Housekeeper on a self-employed basis to look after a comfortable family home on a full-time basis.

The property is a spacious, two-storey family home set within a relaxed and well-established residential area of Al Khobar, offering a calm and manageable working environment.

The successful Housekeeper will take responsibility for the day-to-day cleaning and presentation of the home, including bathrooms and balconies, alongside daily grocery shopping, laundry, ironing and simple ingredient preparation ahead of mealtimes, such as washing and cutting fruit and vegetables.

This position would suit a careful, attentive, and diligent Housekeeper who takes genuine pride in keeping a home to a consistently high standard, and who is comfortable managing a steady daily routine with minimal supervision. The household is informal and relaxed in character, though high standards of cleanliness and presentation are still expected throughout.

The preferred schedule is Sunday to Thursday, approximately 8am to 3pm with a break built into the day. This is initially a temporary position, expected to run from a few months up to around a year, with a genuine possibility of continuing beyond this should the arrangement suit both parties.

Given the household's location, only professionals who are already residing in Saudi Arabia on a valid work visa and residence permit will be considered.

This is a good opportunity for a reliable, detail-focused Housekeeper seeking stable, ongoing work within a calm and undemanding household that values honesty, discretion and consistency.

A valid criminal record certificate and personal insurance are required, alongside a current work visa and residence permit within Saudi Arabia.
