

PERMANENT FULL-TIME PRIVATE FAMILY CHAUFFEUR

DUBAI MARINA | DUBAI | UAE

Salary: Up to AED 15,000 per month for the right professional

PHS Job 3676

A private family based in Dubai is seeking an experienced, reliable, and discreet Chauffeur for a long-term, full-time position, driving a Mercedes-Maybach for the principal, family, and guests.

The household is situated in one of Dubai's most sought-after waterfront districts, offering excellent connectivity across the city alongside a polished, professional working environment. The family is warm and personable, though expectations around presentation, discretion, and service standards are genuinely high.

The successful Chauffeur will be responsible for the safe, smooth transport of the principal, two young children, and guests, including journeys to the office, meetings and school, as well as reliable errands, collections and deliveries. The vehicle must be kept in immaculate condition at all times, and the Chauffeur will be expected to plan routes and timings independently.

Given that two young children are part of the household, genuine experience transporting children safely, including the correct use of child car seats, is essential. The role also carries a quiet security dimension, and the successful Chauffeur should bring strong situational awareness and a naturally discreet, protective manner when the family is in the vehicle.

The family requires flexible coverage across daytime, evening and occasional weekend duties, with round-the-clock availability managed through an agreed rota or relief-driver arrangement rather than falling to one person alone. The schedule becomes busier around peak periods such as the festive season, when additional flexibility is particularly appreciated.

This position would suit a polished, service-minded Chauffeur who takes genuine pride in presentation and discretion, and who is comfortable working to the standards expected of a VIP private household. Good spoken English is essential, and Russian language ability would be a strong advantage given the principal's wider business circle.

Living at the household or nearby is preferred, subject to agreement, and accommodation, meals and additional benefits can be discussed separately alongside the salary. This is a formally employed position rather than a freelance arrangement.

This is an excellent opportunity for a highly experienced, trustworthy Chauffeur seeking a stable, long-term position with a genuinely appreciative family and a prestigious vehicle to care for.

A valid UAE driving licence, a clean driving history and a police clearance certificate, or willingness to obtain one, are required.
