SALARY: £20 TO £22 PER HOUR GROSS

PHS JOB 3719

A private household in Ilford is seeking a dependable, fast-paced Housekeeper to look after their home. This is a trusted, returning client of Perfect Household Staff, and the family values a well-kept home and wants someone who takes pride in their work.

The household is calm and well-organised, with no regular parties or guests, and the family has young children and no pets. The family is looking for an active, self-sufficient person who can work on their own with minimal supervision and take real ownership of the wardrobes and the day-to-day running of the home. This is a part-time, self-employed role with flexible working days and morning start times, in a quiet residential area in north-east London. No cooking is required.

Ilford is a well-connected town in Redbridge, in north-east London.
